

Ask Wave **anything,** answered from **your data,** in **seconds.**

Ask in plain English and get a structured answer from your live data, tenant-isolated and fully audited, so every number is one you can take to the board.

NATURAL LANGUAGE QUERY

Engaged but unseated contact

ASK

Stalled committees by stage

ASK

Best channel per contact

ASK

Content gaps by persona

ASK

Overlap across products

ASK

ANSWER TIME

Seconds, not a ticket

AI OBSERVATIONS

Unseated engaged contact

FOUND

Writeback coverage drop

FOUND

Hidden-pipeline contacts

FOUND

Surfaced as console cards

FOUND

No query required

FOUND

PROACTIVE INTEL

Findings, not dashboards

EXPLAINABILITY

READABLE OUTPUT

One sentence per call

JUST ASK

Just Ask It

Wave reasons across your products and answers from live, tenant-isolated data.

ASKS FOR YOU

Finds It For You

Wave sweeps for anomalies on its own and surfaces what it found as console cards.

WHY, NOT JUST WHAT

Plain-English Why

Wave narrates any prediction in one sentence a rep can read without a data team.

Ask Wave anything.

Request a demo. Book a 20-minute walkthrough on your real data.
